

Becas MSc Photonics Engineering: Vrije Universiteit Brussel (VUB) - Convocatoria 2026

Vrije Universiteit Brussel (VUB) is offering scholarships for its MSc in Photonics Engineering program through Phortify – a European network of 12 leading universities, research organisations and industry partners, co-funded by the EU's Digital Europe Programme to train the next generation of photonics professionals.

 Scholarship application deadline: 3 April 2026

Scholarship amounts (per year):

- EU students: €7,200
- Non-EU students: €12,000

Eligibility:

Applicants must be nationals of an eligible country* and meet VUB's academic admission requirements, including a minimum CGPA of 3.2/4.0 (or equivalent).

How to apply?

There are two separate steps:

1. Apply to the MSc programme at VUB: <https://apply.vub.be/#/> (deadline 31 March 2026)
2. Apply for the Phortify scholarship via MyPhortify: <https://phortify.eu/myphortify/>

Required documents for the scholarship application:

- Official academic transcripts (BSc and MSc if applicable)
- A Phortify-specific motivation letter
- A CV
